

HALLOWEEN HUNT

Your task

I've promised to make a fabulous potion for the Santiago Villa Halloween Party, but the only person who knows the recipe died and took her secrets to the grave!

Uncover the 13 secret words hidden on tombstones around Santiago Villa, and then find their matching words in the word search. Make sure you tell me where to find the words! (Spc #)
Bring me your solution on Halloween Night to get your reward!

First, where the secrets are hidden:

I. It stands cold and alone,
marking a place where time stood still

Next, we'll need this to brew our potion:

II. It holds what bubbles and brews

Then we need a few ingredients:

- III. They look simple at first, but if you can make them smile
they'll glow with a light from within
- IV. Something found in a forgotten corner
- V. A creature of night with echoing cries
- VI. Something sweet and wrapped up tight

The potion is almost complete. I'll need to deliver it:

VII. Take to the air and leave my enemies in the dust

And of course some friends to share it with:

- VIII. One friend lives where light does not shine,
and craves a deep red drink that's not wine
- IX. One friend has a wild side known to only a few
- X. Another is stoic with a stony demeanor
- XI. One friend I rarely see, but at parties his presence haunts me
- XII. One friend is left when all else is gone,
though he's been there all along

Who am I?

XIII. In a fabulous hat, I'll arrive at the party with a familiar cat
